

ZHANG RUO

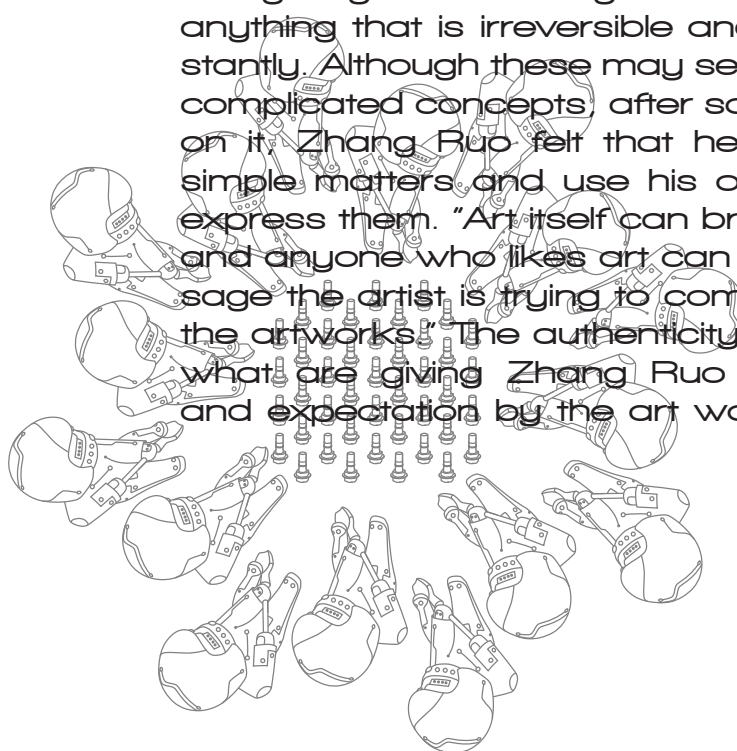

1982 Born in Handan Hebei Province

2006 Graduated from the Hebei Normal University

2011 Set up The Forest Studio in Beijing

2017 Moved to Berlin, Germany

He recently changed his name from Zhang Qiang (强, strong) to Zhang Ruo (弱, weak): this artist's work may seem like cute and sprouting at first glance, but after careful consideration, everyone will soon realize that the serious topics conveyed through these works are being transformed, ravaged, controlled, and swallowed. Everything that Zhang Ruo worries about is anything that is irreversible and happening constantly. Although these may seem like broad and complicated concepts, after some time reflecting on it, Zhang Ruo felt that he should focus on simple matters and use his own experience to express them. "Art itself can bring people peace, and anyone who likes art can relate to the message the artist is trying to communicate through the artworks." The authenticity and vigilance are what are giving Zhang Ruo gradual attention and expectation by the art world.
